## Section 6. Areas for Improvement, Weaknesses, and/or Stipulations

Summarize EPP activities and the outcomes of those activities as they relate to correcting the areas cited in the last Accreditation Action/Decision Report.

Areas for Improvement related to Standard 1 cited as a result of the last NCATE review:

1. The unit's assessments are not fully aligned with national program standards. (ITP)

Elementary Education has been recognized by ACEI in this cycle.

All other programs have recognition with conditions and have been resubmitted to their respective SPAs.

Areas for Improvement related to Standard 4 cited as a result of the last NCATE review:

	Candidates have limited opportunities to interact with faculty members from diverse ethnic/racial groups.	(ITP)	
	Candidates have limited opportunities to interact with other candidates from diverse ethnic/racial groups.	(ITP)	

The diversity of the EPP faculty has improved since our last visit. We also make concerted efforts to use diverse K-12
cooperating teachers. We participated in the Diversity Conferences hosted by two other SC institutions this academic year to offer
opportunities for our candidates to be taught by diverse faculty.

Areas for Improvement related to Standard 6 cited as a result of the last NCATE review:

1. The lack of technical and clerical support limits the unit's ability to develop and implement an effective assessment system.

(ITP)

We now have an administrative assistant who is shared within academic affairs as well as a work-study student to help with clerical duties. We also had all AFIs removed from Standard 2.

#### Section 7. Accreditation Pathway

Continuous Improvement. Summarize progress toward target level performance on the standard(s) selected.

Limestone chose Standard 3 (Field Experiences) for movement toward Target. We have made curricular changes in several programs to more closely align methods instruction with field experiences. We also are finishing our first year in a professional development school partnership. Classes are held on campus and allow for direct observation of content and strategies being taught. This year the PDS included only elementary. Next year it will expand to early childhood and physical education. We also have partnerships for field placements in 13 school districts.

opportunities for our candidates to be taught by diverse faculty.

2. Diversity within our EPP has improved since our last visit. We now have Call Me MISTER to purposely recruit minority male students. We take student teachers and juniors to the Diversity Conference in order to offer opportunities to interact with candidates from other ethnic/racial groups. Limestone is a minority serving institution (African-American), so candidates are always interacting with other ethnic/racial groups on campus.
